Before We Start

Congratulations on your engagement!

Planning your wedding is super exciting and will be one of the most important days of your life. So it stands to reason you want it captured as best as possible to look back and experience all the emotions and memories.

Meet Brayden Prato

WEDDING

Storyteller

I'm the owner and creative behind PratoPhoto. I've been surrounded by weddings for as long as I can remember. My mom is a florist and runs CC Bloom Flower Farm, and that early exposure shaped my love for capturing love stories.

I work independently and personally handle every part of the process, from our first conversation to final delivery. I'm a hopeless romantic who genuinely loves shooting weddings. I bring a calm and confident presence to every shoot and focus on capturing real, meaningful moments.

What I'll Capture

A photograph of a bride and groom in a white dress and suit, respectively, celebrating with champagne. They are both holding their bottles high and drinking. The background is a soft-focus landscape with rolling hills under a bright sky.

I believe the best shots come from real moments, not stiff poses. Instead of forcing you into awkward positions, I'll guide you into experiences that bring out genuine connection — like running through a field, dancing together, or whispering something silly that makes you both laugh. This way, your photos feel natural, full of energy, and true to your relationship.

During our consultation, we'll also go over any must-have shots or family traditions so you feel confident everything important is covered.

Bold, Timeless

Airy, Elegant

Every photographer has a unique eye, and I've spent years developing a style that's natural, true-to-color, and focused on genuine emotion. That said, I'm always excited to **explore new creative directions** and adapt to the **mood or vibe** you're drawn to. Whether you're dreaming of something timeless and elegant, warm and moody, or playful and editorial, I love collaborating to bring that vision to life. My priority is to tell your story in a way that feels **honest, beautiful, and uniquely you.**

Guaranteed Peace of Mind

Here is how I ensure that your day is secure:

- I bring 2 of everything: Cameras, SD Cards, Lenses, Batteries, Chargers.
- My cameras use 2 sd cards simultaneously, if one fails (which very rarely happens), I always have a backup of everything I have already shot.
- I have several photographer/videographer friends whom I would be able to contact in case of equipment failure or an emergency.
- All files are backed up in 3 different places once I am back in the office.

Delivery Timeline

Your full gallery will typically be delivered within **4–6 weeks** of your wedding date.

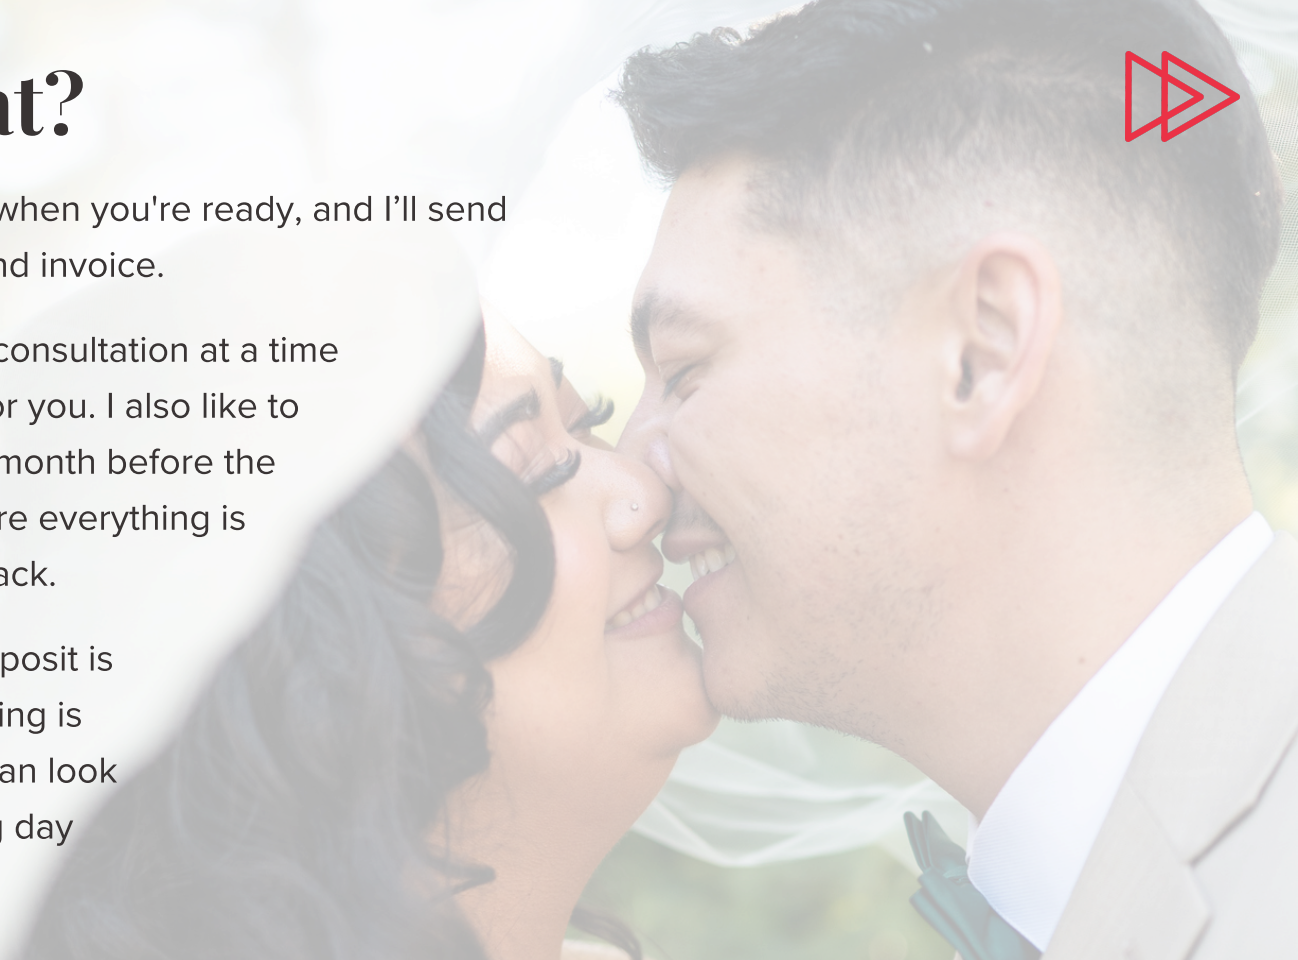

Turnaround times may vary slightly depending on the season, during peak summer months, delivery may lean closer to the 6-week mark, while off-season weddings often arrive sooner.

Sneak peek images (20+) and video are always delivered **within 48 hours**.

Now What?

- Reach out to me when you're ready, and I'll send over a contract and invoice.
- We'll schedule a consultation at a time that works best for you. I also like to check in about a month before the event to make sure everything is aligned and on track.
- Once the 50% deposit is received, everything is booked and we can look forward to the big day together!

FAQ

How many photos will we receive?

You can typically expect 50 to 100 edited images per hour of coverage. Every wedding is different, but I always aim to deliver a full, meaningful story of your day with a mix of candid moments, portraits, and everything in between.

Do you travel for weddings?

Yes, I travel everywhere. Travel between Salmon Arm and Vernon area is included at no extra cost. For weddings outside that area, a travel fee of \$50 per hour (round trip) from Armstrong, BC applies. (Destination weddings pricing upon request)

Do you offer prints or albums?

I don't offer prints. However, your online gallery makes it easy to download high-resolution images and order prints if you wish. I also offer custom fine art album design upon request.

Can we book just photography or just videography?

Absolutely. You're welcome to book either service individually or bundle both for 5% off your total invoice.

Do you help with planning or the timeline?

Yes, I'm happy to help you create a timeline that flows naturally and ensures all your important moments are captured. I also coordinate directly with planners or other vendors if needed to keep things running smoothly.

What happens if it rains or something changes?

No problem at all. Some of the most beautiful, cinematic moments happen in unexpected weather. I always arrive prepared and keep a calm, flexible approach throughout the day.

Do you work with a second photographer or assistant?

For videography, I bring an assistant to help everything run smoothly. If you'd like a second photographer for photo coverage, I offer that as an add-on.

**Thank you, we look
forward to working with you.**
